the 1990s, the number of people in the world who are under 15 years of age has increased by 1.2 billion (United Nations 1999). The United Nations predicts that by the year 2025, the number of people under 15 years of age will increase by a further 1.2 billion (United Nations 1999).

There is a growing awareness of the need to address the needs of children in the 21st century. The United Nations Convention on the Rights of the Child (1989) states that the child has the right to be heard in decisions that affect him or her. The United Nations also states that the child has the right to be protected from all forms of violence and abuse (United Nations 1989).

The United Nations also states that the child has the right to be educated and to be able to participate in decisions that affect him or her (United Nations 1989). The United Nations also states that the child has the right to be protected from all forms of violence and abuse (United Nations 1989).
