#### Other important information

What members can do to help. Protect your account numbers, card numbers, PINs (personal identification numbers), and passwords. Never keep your PIN with your debit or ATM card. Use caution in revealing account numbers, social security numbers, etc. to other persons. If a caller tells you he/she is calling you on behalf of the credit union and asks for your account number, you should beware. Legitimate credit union staff would already have access to that information. It is important that the credit union has current information about how to reach you. If your address or phone number changes, please let us know.
